

Moinuddin Patel

Third-Year B.Tech Computer Science Engineering Student
Sage University, Indore

moincodes82@gmail.com | 7447079982 | LinkedIn | GitHub | Portfolio

Summary

Third-year Computer Science Engineering student specializing in **Full Stack Development** with hands-on experience in building modern and scalable web applications. Skilled in developing responsive frontend interfaces, designing RESTful APIs, implementing secure authentication systems, and managing databases. Experienced in building applications using technologies like React.js, Node.js, Express.js, MongoDB, Redux Toolkit, and modern frontend frameworks. Familiar with integrating **Generative AI** capabilities into web applications and exploring emerging technologies to enhance user experience. Strong problem-solving skills with a focus on writing clean, maintainable code and developing efficient software solutions.

Technical Skills

Languages: Java, JavaScript, Python (Basic)

Frontend: React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Database: MongoDB, Mongoose

Tools: Git, GitHub, VS Code, Postman

Domains: Full Stack Development, MERN Stack, Backend Development, Frontend Development, Generative AI

Experience

Full Stack Developer Intern

Apr 2025 – Jun 2025

Google for Developers (Eduskills + AICTE)

- Developed and maintained full-stack web applications using **MERN Stack** (MongoDB, Express.js, React.js, Node.js).
- Designed responsive frontend interfaces and integrated REST APIs for efficient communication between frontend and backend systems.
- Debugged application issues and optimized performance to improve user experience, reliability, and code quality.

Projects

Learning Management System (LMS) — MERN Stack + Generative AI

2026

- Developed a full-stack learning platform with course management, user dashboards, and seamless online learning experience.
- Implemented secure authentication, role-based access control, and RESTful APIs for efficient data handling and user management.
- Integrated a Generative AI chatbot to assist learners by answering queries and providing personalized learning support.

Expense Tracker Application — MERN Stack

2025

- Built a full-stack expense management application to track, categorize, and visualize financial transactions.
- Developed responsive UI, REST APIs, authentication system, and interactive charts for better financial insights.
- Managed application data using MongoDB and Mongoose with efficient database operations.

Education

Sage University, Indore

2023 – Present

B.Tech in Computer Science Engineering — CGPA: 8.59 — Expected Graduation: 2027

Divine Convent Higher Secondary School, Tonkkhurd

2021 – 2023

Class XII: 78% — Class X: 82.6%

Certifications and Achievements

- Google Android Developer Virtual Internship – AICTE (2025)
- Career Essentials in Generative AI by Microsoft and LinkedIn
- Ethics in the Age of Generative AI
- Received Academic Excellence Award twice for consistent academic performance.
- Ranked among top-performing students for academic excellence.
- Participated in technical hackathons and coding competitions.
